UBUNTU: I AM BECAUSE WE ARE. - West Africa Proverb

Dear Fireside Falcons,

In Africa there is a concept known as 'Ubuntu'- meaning the profound sense of understanding that we are human only through the humanity of others and that one's humanity is bound to another. This strong sense of community is what makes Fireside an exceptional place for our kids to grow, thrive, take risks, make mistakes, and come together to learn from one another. This idea of 'Ubuntu' is what makes us whole and the sum of our parts stronger at Fireside. I am so honored to be a part of a community that celebrates our humanity, tolerance, and a respect for learning.

This year's book, Be Kind, emphasized a simple yet powerful message that I shared with all students when reading to classrooms. If we each engage in simple acts of kindness on an ongoing basis, this will influence how we see the world around us. When we expect kindness of ourselves this will positively influence the actions of others spilling out into our hallways, neighborhoods, and ultimately the world around us.

Thanks to our students, parents, amazing staff and community for making 'Ubuntu' a way of being at Fireside. It's often our simple acts that make a profound difference in the lives of others. Our actions are often the best model of learning for our children. Thanks for being a thread in our web of humanity.

Your Proud Fireside Falcon,
Mrs. Keppler

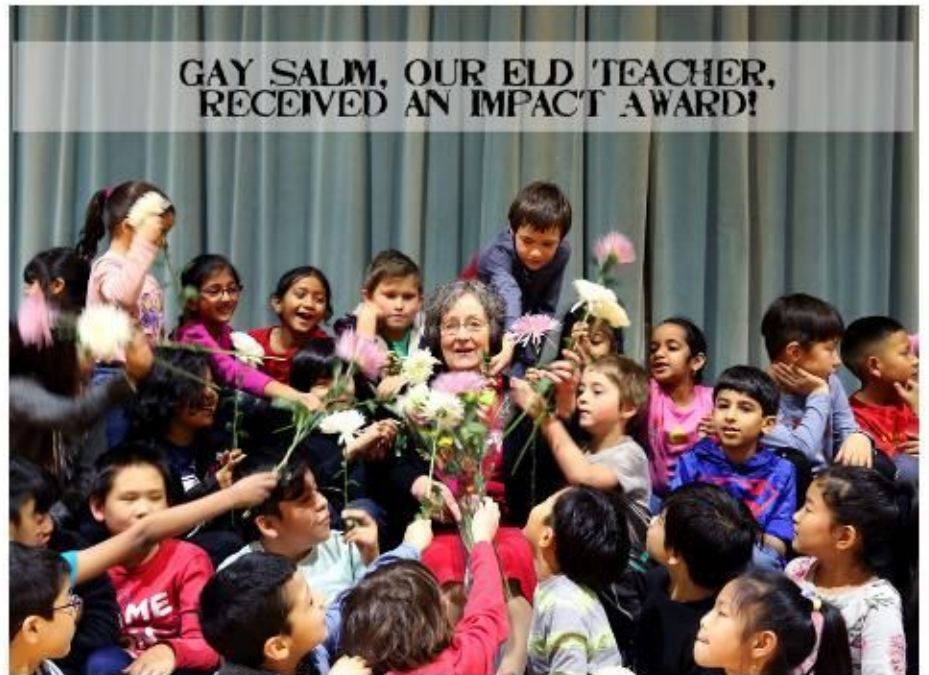

Principal
Christa Keppler
