

Encino Charter Elementary

2021 - 2022

An "out of this world" year

Principal's Note

Jennifer Haws

Dear Encino Charter Community,

It is hard to believe that we are approaching the end of the 2021-2022 school year! I feel so thankful for having the opportunity to join the Encino Charter Elementary Community as your principal this school year. It has been incredible getting to know all of our children, teachers, support staff and families. It has been uplifting to see our school community join together to help make the school year a success. Thank you all for your hard work and commitment. You have ensured

each child has had the opportunity to learn and grow, both socially and academically.

I want to thank all the individuals and Yearbook Committee members that have invested countless hours to create this amazing yearbook. It is filled with precious pictures that capture the memories of our learning experiences this school year. They all worked hard to make this book fun, and it's sure to bring a smile to your face.

As we all prepare for the end of the school year, I hope you look through this yearbook, and remember all that you have learned and overcome. This school year has not been typical. Our students, teachers and staff have had to adjust to learn under conditions that no one could have imagined, but remember - YOU DID IT! These experiences have taught you all to push forward and persevere, despite the challenges you face. To our fifth graders, I wish you the best in sixth grade, as you set new goals in your path to achieve your dreams. To everyone else, I will see you in fall 2022.

Have an amazing summer break!

Kindly,

Jennifer Haws, Principal

Dear Class of 2022,

Encino Charter Elementary School 2022 Yearbook
This watermark will not appear in your final yearbook.

You did it! As I reflect on the past year, I realize that you have not had a normal school year since third grade! You have made great progress and overcome many obstacles this year.

Some of the great memories we have made are Universal Studios, Keystone Camp, and Junior Olympics. We have learned about U. S. History, constellations, and the water cycle - TBH your water cycle songs were amazing! We had virtual field trips with the Griffith Observatory and learned about the universe around us. We had author visits and special guests zooming in to talk to us.

Besides all of that, we had an extraordinary year of learning, friendships, collaborations and good times! I hope that you remember fondly our art lessons with Miss Yvonne, computer lab with Mr. Rodriguez, and physical education with Coach D'Mitri. Remember our kinder buddies, Friday Fun Club, and of course the Friday Dance. But most of all, remember the people who have cheered you on and supported your learning journey.

We have pushed ourselves in math. We have learned how to have a happy and healthy body and mind. We have learned about our nation's beginnings. We have explored science, and so much more. We have analyzed literature and worked together for a common goal. Some of our class favorites are reading Out of My Mind, 99-Math, Reading Rocks, BrainPop, Pajama Day, STEAM activities, stop motion films, playing handball, and Universal Studios.

We have learned to support and help each other. As you go through life, continue to support those around you. Continue to learn, no matter how old you are. Be kind, helpful, and grateful. Your time at Encino has come to an end, but your journey is just beginning.

***You are successful!
You will do great things!
I am proud of you!***

Congratulations Encino Charter Elementary Class of 2022!

Love Mrs. Barkle

To my Superstars, Genius Gems, Whiz Kidz, Smarty Pants, and Masterminds - I am so proud of you! Every single one of you have accomplished so much this year. I can't believe you're done with fifth grade! You all have grown this year from creating new friends, building relationships, overcoming hurdles, learning to navigate life at school during a pandemic, adapting to many changes, and so much more. This year we learned to always have a growth mindset and believe in ourselves no matter what. We became artists creating radial symmetry with colorful paper, we read about characters in novels like ourselves, we participated in our March Madness book challenge. We learned about each of our classmates during our Star of the Week.

As I sit here in our colorful classroom in my pink chair, I think of all the fun times we've had together. Like drinking hot chocolate outside and creating sock snowmen before winter break, or our many dance breaks before math time, our Valentine's Day s.t.e.m. challenge where you created candy boxes, or the times we were sent to the treasure for positive behavior. We learned many Greek and Latin roots that helped us understand what words mean. We tried our best in math and learned different ways to convert measurements, divide and multiply fractions, geometry, and so much more. In social studies, we learned about explorers, the American Revolution, the Constitution, and more.

In science, with Ms. Suarez we learned about water, astronomy, and more. In health, Ms. Barkle learned about being safe, diseases, and adapting to new situations. computer lab with Mr. Rodriguez where we learned about stop motion, and fun games in physical education with Coach D'Mitri.

I am going to miss all of you so much. We created so many memories in our class. Every single one of you made our class the fun, wild, amazing class that it was! I know all of you will be successful in whatever you choose to do. I wish you the very best! Please reach out to me for anything!

Always believe in yourself, be kind, respectful, and continue to have a growth mindset.

***Love,
Mrs. Khan***

Dear Students,

Encino Charter Elementary School 2022 Yearbook

This watermark will not appear in your final yearbook.

This year was full of firsts; but we rose to the challenge and turned lemons into lemonade. I am so proud of how you navigated the challenges and always maintained a positive and grateful attitude. One day, history books will be written about this school year. They will surely mention the challenges we faced, but I am hopeful that they will also reflect on the things we learned, the importance of community and the struggles that made us stronger. When you reflect on 5th Grade, I hope you will remember these positives too and the joy we experienced learning together in person.

We learned the value of productive struggle when completing challenging math problems, making Boston Harbor tea crates, Saving Fred the Worm and who can forget the cup game at Halloween and Shamrock Sudoku. We had fun making newspaper hats on Talk Like a Pirate Day and lost all our Jolly Ranchers to King George on Tax Day. Then there were countless projects where we let our creativity shine, from balloon floats, to pie sculptures, to water cycle songs and stop motion videos.

But being together is what brought us the most joy. We loved reading literature together, spending time with our Book Buddies, doing the Friday Dance, going to Universal Studios with our friends and visiting Camp Keystone.

As a teacher, my favorite memories were watching you give to others. I loved the Gratitude Gallery you created and the kind words you shared with our school staff. I enjoyed watching you mentor and teach your Book Buddy new things. And when we completed, When the Stars are Scattered, I was so proud of how you took on the challenge to sew over 50+ teddy bears to donate to refugees. You have impacted others through your kindness and generosity.

As you leave Encino Elementary, continue to explore. Learn something new each day, listen to others and continue to spread kindness. I believe in you and can't wait to hear about your continued journey through middle school and beyond!

***All the best,
Ms. Suarez***

Your empathy and kindness are awe inspiring. You have navigated a year of constant changes with grace and humor, inviting new friends into your life and strengthening your forever friendships. Never a procrastinator, you take your education seriously and are the most persistent person I've ever met. We are all so lucky to know you.

As you begin your journey in Elementary School, it has been thrilling to watch you become an exuberant reader and an independent thinker. After bouncing back after a broken arm on day 4, you have time and again proven yourself adaptable. Adorably oblivious to just how funny and charming you are, there is no doubt you will leave an indelible mark on the world, as you have on our hearts.

ROXANA BEHDAD

Dear Roxy,

Watching you grow, flourish and succeed in the past 6 years has been our greatest joy! You amaze us with your intelligence, knowledge, determination and above all your kind heart!

Dream big, continue to thrive and always believe in yourself!

Love you alot, Mom, Dad & Ryan

Mr. Zwick

Dear Encino Charter Elementary School Family,

This school has been my second home for 11 years. We've had teachers, principals, and students come and go, but one thing has never changed—the core belief that, when you are willing to work hard to achieve, anything is possible.

I will miss the people with whom I've worked, the students I've taught, their parents, and even the other parents whose students I was never lucky enough to have in my classroom. I won't forget the many events, some that no longer exist—everything from Movie Night and Pancake Breakfast to the Gala and Dance Party Yeah, from Reading Rocks and Turkey Trot to Halloween Parades, Carnivals, and the Junior Olympics.

But most of all, I will miss those days when I was with my students after having gotten to know them after a few months, where we would find ourselves laughing but still able to stay focused on what we were learning.

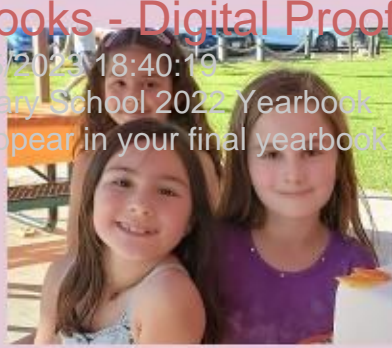

I will miss you.

Sincerely,
Mr. Zwick

Leilani Faith Alamillo

My precious little girl,

Mommy is so proud of all the milestones that you have achieved so far. From seeing you take your first breath, to your first steps, and now you are graduating 1st grade!

From the moment I laid eyes on you, I knew you were my heavenly little flower and I have been

blessed to see you grow. You are the light of my life, and many others.

You are such a strong and

bright star. I want you to remember that if the world ever tries to dim your light, keep on shining and

always stay positive. I can't wait to continue to watch your journey in life unfold as you continue to grow

into the beautiful girl that you are. I will always be here cheering you on.

My happy, smart, courageous, kind baby girl with a heart of gold.

You are so special, Leilani. Never forget that and never stop being you.

Love you forever and always,
Mommy

To my beautiful princess.

I am so proud of the strong, smart, amazing little girl you have become. You have progressed so much in so little time and it's scary to see you growing up almost as if I blinked my eyes only once and you transformed before my eyes. You have a beautiful light that guides you and remember it is embedded in heart for a reason. Follow your heart, live life to its fullest potential and don't be afraid to make mistakes. Nobody in this world is perfect. No one is mistake free. We try our best. We dust the dirt from falls and get back the bike again and again. Remember It's not about being perfect but shoot

for the stars so if you fall you land on the clouds. May you stay forever strong. Forever focused and remain forever yourself.
Love daddy.
