HAMILTON PARK  
MONTESSORI SCHOOL

We believe that a better world is created by respectful people who are authentic to themselves, passionate in their pursuits and connected to the world around them.

## A NOTE FROM OUR FOUNDER & HEAD OF SCHOOL

In 2006 when Hamilton Park Montessori School (HPMS) opened the doors of our first Early Childhood classroom in one of the country's most diverse cities, Jersey City, we committed to a whole-child approach to education— one that meets the social, emotional, cognitive and physical needs of each child. Today, well into our expansion into 16 classrooms and a second 'Upper School' campus, we continue to nurture each child's love of learning.

Together, in partnership, we've adapted learning, teaching and operating a school during a pandemic. Throughout it all, we have remained committed to our mission. We continue to marvel as we witness each child build important life skills each day—we see students thinking critically, working collaboratively, and acting courageously as they pursue their interests and passions.

Thank you for your trust, cooperation and partnership. We find so many moments of joy throughout the day every day thanks to your amazing children.

We are honored to be part of your child's journey.

Dear Rafa,

On your first day of Lower Elementary, you were quiet and observant, soaking up the world around you. Over the years, I've watched how you have become such a confident and eloquent young man.

You have such a bright future ahead!  
Congratulations!

Love,  
Ms. Michelle, your Ocean Room teacher

Dear Noelle,

You brought a professional and confident attitude to all of our debates in MMUN -- I know these qualities will serve you well next year. Best of luck in your new adventure!

Love,  
Ms. Melissa, your MMUN teacher

Dear Aadi,

When I met you in first grade you were curious and silly. You enjoyed mischief and often had a teacher by your side to keep you out of trouble. As you grew, I watched you mature into a leader. You were patient and nurturing with your classmates, often helping your teachers before even being asked. You offered support when friends needed it and helped by leading with kindness. I loved watching your growth. Continue to be curious and silly, but remember to always lead with kindness. I am proud to know you and can't wait to see who you grow up to be.

Love,  
Ms. Melissa, your Earth Room teacher

Dear Ruhie,

It was a pleasure watching you grow during your time in my classroom. When I first met you, you were three years old and didn't speak a word of English, but that didn't stop you...nothing ever could! You were very observant and independent. It didn't take you very long to make friends and learn a whole new language! You were always very active and impressed us with your stories of riding a bike and ice skating.

By the time you turned six years old, you had developed into a responsible, caring, and helpful member in our classroom community. I know these qualities will carry you far in life. I wish you all the best!

Love,  
Ms. Hala, your Orange Room teacher

Dear Olha,

This is a very different year for you. We will always remember the afternoon you were in our rooftop garden with your father and sister -- you looked so happy and joyful! Thank you for bringing your positive energy into HPMS and sharing it with all of us. We wish you the best in your high school journey!

Love,  
Your Middle School Teachers

Dear Tanya,

This is a year of change. You are now part of a very different culture and school, and that transition takes a lot of courage! You have been trying so hard, working on all the projects with your new peers, and you have shown such bravery. Thank you for bringing this courage into our community. We wish you all the best in your high school journey!

Love,  
Your Middle School Teachers

Dear Katja,

Since the first day you joined HPMS in the Ocean Room, your personality was purely magnetic! You have always exuded such confidence and kindness -- attributes that will serve you well wherever life takes you.

Continue to shine brightly! Congratulations!

Love,  
Ms. Michelle, your Ocean Room teacher
